Water Bottles

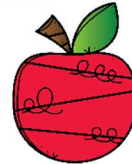

1. Send a **SMALL** durable reusable water bottle that is child friendly/easy to handle.
2. Water bottle must close securely so it won't leak!
3. It would be helpful if water bottle could fit in your child's backpack.
4. Water bottles will travel back/forth from home to school each day.
5. Label water bottle clearly with your child's name.
6. Kidslink teachers will not clean or disinfect water bottles.
7. Parents will need to clean/refill water daily or have several different bottles for child to use.
8. If there's a day when water bottles are forgotten at home - no worries!
They will be given a Styrofoam cup to use at snack time.

Do not label supplies with child's name!
